<b>OTHERS</b>				
8 Nov.	<b>Unlocking Climate Finance for Resilient Food Systems and Nutrition</b>  Food Systems Pavillion 10:00-10:45 EET	SUN Movement	The SUN Movement is hosting a COP27 Food Systems Pavilion side event with the objective of presenting the experiences of SUN Countries whose food systems have been severely affected by climate change and countries that have, through levers such as the development of national roadmaps for food systems, successfully unlocked finance for climate-resilient food systems. The objective is to share examples that may be scaled up, of potential solutions to unlock climate finance opportunities for food systems, and to support a country-led multisectoral, multistakeholder response at the country level.	<b>More info and registration here:</b> <a href="#">Unlocking Climate Finance for Resilient Food Systems and Nutrition   Scaling Up Nutrition</a>
8 Nov.	<b>Theme of the day: ENABLE a culture of sustainable healthy and nutritious diets</b>	Food Systems Pavilion	<a href="#">(8 Nov – Enable – Food Systems Pavilion)</a>	<a href="#">Food Systems Pavilion – Action On Food for people and planet</a>
9 Nov.	<b>Sustainable, healthy and affordable plant-rich diets for all</b>  Food4Climate Pavilion 16.15 - 17.30 EET	ProVeg, SHE Foundation	This event will provide a platform to showcase and discuss exemplary climate-resilient development pathways to sift to sustainable, healthy and affordable plant-rich diets for all. The panel will present evidence of the co-benefits to health, equity and wellbeing of plant-rich diets, the need to incorporating them in the NDCs and NAPs and how this could contribute to raise climate ambition and towards achieving the SDGs.	<a href="#">Food4Climate Pavilion - Food4Climate Pavilion</a>

10 Nov.	<p><b>Unlocking and scaling climate solutions in food systems - An assessment of NDCs for food systems transformation</b></p> <p>WWF Pavilion 10:00-11:00 EET</p>	WWF, Climate Focus, NDC Partnership, GA	<p>The NDC can serve as an overarching vision and framework for the NAP process. NDC adaptation components raise the profile of the NAP and increase political support for adaptation. Linking the NAP process with the development of future NDCs can support the identification of adaptation-mitigation co-benefits and strengthen resilient food systems. The event will show results from the report supported by concrete examples on implementation</p>	<p>More info about the WWF Pavilion: <a href="https://www.panda.org/cop27/">COP 27   WWF (panda.org)</a></p>
